PUBLIC NOTICE

Competition for the Right to Explore and Develop Crown Petroleum and Natural Gas Resources

PURSUANT to section 90 of the *Petroleum and Natural Gas Act*, sealed tenders addressed to the Minister of Energy, Mines and Petroleum Resources, and mailed or delivered to the office of the Deputy Minister of Energy, Mines and Petroleum Resources, Room 406, Douglas Building, 617 Government Street, Victoria, B.C., will be received up to 12 noon, Wednesday, December 19, 1979, for the privilege of obtaining permits covering petroleum and natural gas rights as outlined below. The results will be announced at 11 a.m., Tuesday, January 15, 1980. The permits will be issued as of January 15, 1980, and will be awarded on the basis of what is, in the minister's opinion, the best work program over the maximum area. Work is defined as geological or geophysical exploration and drilling.

The work program proposed should be described in sufficient detail so as to clearly state the type and extent of the work, including an estimate of the cost broken down by type of work and the period of time when the work will be done during the normal five-year term of a Class B permit.

Tenders may be submitted on the basis of the entire parcel or portions thereof. For convenience the area offered has been described in maximum-sized permit parcels. Any priorities must be clearly identified.

The minister may wish to contact any bidder for clarification purposes prior to determining the successful bid for any parcel.

A performance deposit equal to the accepted work tender for each parcel or group of parcels shall be provided by 12 noon, Friday, January 18, 1980. Failure to provide the deposit will invalidate the tender.

The following are acceptable by the Minister of Finance as performance deposits in addition to British Columbia Parity Development Bonds:

- (1) Cash;
- (2) Government of Canada and Provincial direct or guaranteed securities having maturity of not longer than three years (Canada Savings Bonds are not acceptable);
- (3) Chartered banks', trust companies', or credit unions' certificates of deposit where supported by an appropriate letter giving direction concerning payment of funds to the Minister of Finance.

The work obligation represented by the deposit will be reduced annually on the basis of the approval of an affidavit of expenditure and supporting exhibits as detailed in section 55 (2) (d) (i) or (ii) of the *Petroleum and Natural Gas Act*.

Work expenditures in each year must be at least the amount required by section 50 of the Act. Approved expenditures on a single permit or group of permits in

excess of those required under section 50 can be used for the purposes of section 75. Areas may be grouped for work purposes in accordance with section 52 of the Act.

Failure to meet the committed work obligation will result in the forfeiture of all or a portion of the performance deposit.
